Published in the book:

Advanced Computational Fluid Dynamics for Emerging Engineering Processes - Eulerian vs. Lagrangian

Edited by: Albert S. Kim

Tracking your chapter metrics is an important aspect of the post publishing process. You worked hard, and IntechOpen metrics allow you to examine the reach of your published content. Metrics demonstrate the engagement surrounding your chapter and the impact the published research is having within the scientific community.

Your Performance Metrics report outlines the following:

1. Citations
2. Cumulative downloads by countries/time frame
3. Cumulative downloads by countries
4. Cumulative downloads by time frame

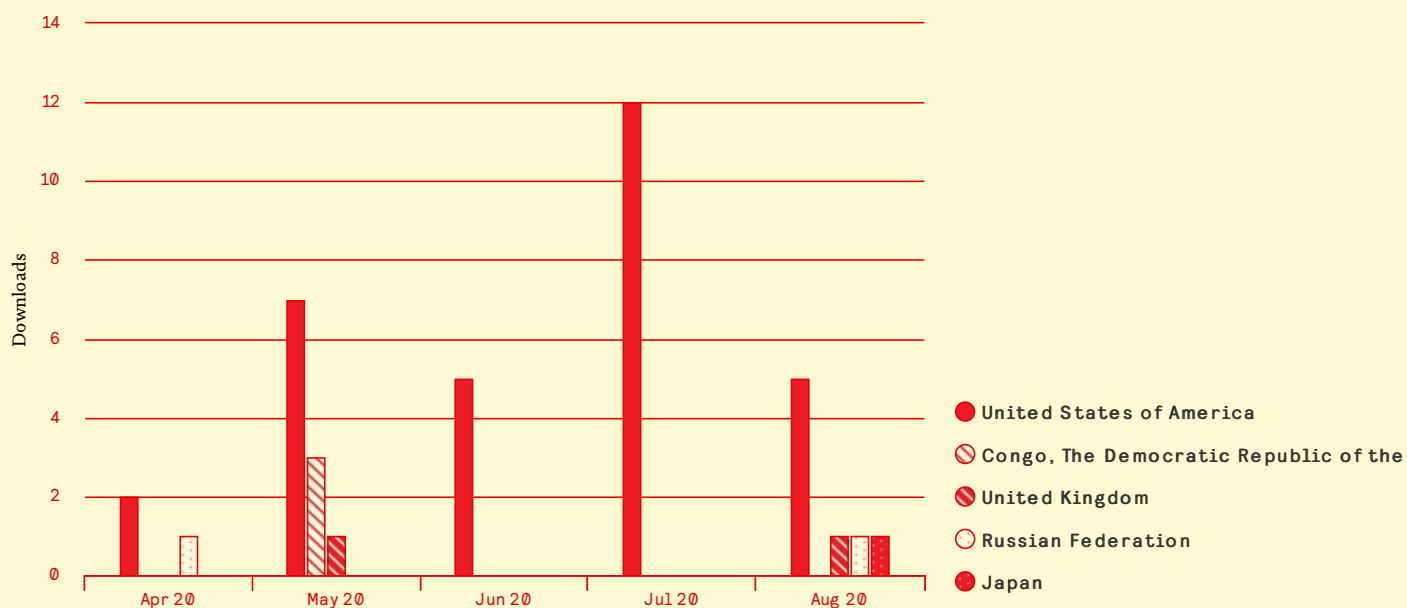

Chapter:

A Coupling Algorithm of Computational Fluid and Particle Dynamics (CFPD)
